

Haemacytometers

Haemacytometer sets, to BS748

Complete set with counting chamber, cover glasses and one each red and white cell pipettes with tubing and mouthpiece in fitted plastic case. The metallized (bright-line) versions reduce glare and provide greater contrast between lines and background.

Cat. No.	Description
Improved Neubauer ruling, cell depth 0.1mm	
HA/13002	Single cell, standard
HA/13004	Single cell, metallized
HA/13006	Double cell, standard
HA/13008	Double cell, metallized
Modified Fuchs-Rosenthal ruling, cell depth 0.2mm	
HA/13010	Double cell, metallized
Thoma ruling, cell depth 0.1mm	
HA/13012	Double cell, metallized

HA/130

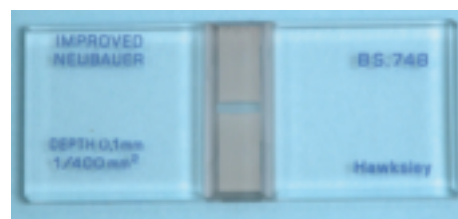

Haemacytometer spares and accessories

Cover glass

Cat. No.		Pack
HA/13122	For single or double chamber sets. 22 x 25mm	10

Counting chambers

Cat.No.		Pack
Improved Neubauer ruling, 0.1mm cell depth		
HA/13124	Single cell, standard	1
HA/13126	Single cell, metallized	1
HA/13128	Double cell, standard	1
HA/13130	Double cell, metallized	1
Modified Fuchs-Rosenthal ruling, 0.2mm cell depth		
HA/13132	Double cell, metallized	1
Thoma ruling, 0.1mm cell depth		
HA/13134	Double cell, metallized	1
Parasitology chamber, Improved McMaster worm egg		
HA/13136	10mm square with 10 equal vertical columns	1

HA/131

Pipettes, blood dilution

Cat.No.		Pack
HA/13138	Graduated 1ml red cell	1
HA/13140	Graduated 1ml white cell	1

Tubing and mouthpiece for the above pipettes

Cat. No.		Pack
HA/13142	Red cell	10
HA/13144	White cell	10

HA/13138

HA/13140
