

CR/33052

Cryoware marker set

NALGENE

For marking cardboard and polycarbonate. Ink will not fade at ultra-low temperature. Smudge proof. Pack contains one each red, green, blue and black ultra fine point pens.

Cat. No.	Code	Pk qty
CR/33052	6313-0010	4

Labels, self adhesive, dots and strips, low temperature

A range of labels designed to be used at temperatures as low as -196°C. They have a strong permanent adhesive (apply at +5°C or more). They can also be used in incubators.

Sleeker labels mean your tubes will still fit most storage systems (including cryocanes) without the label sticking or being torn off

Guaranteed not to fall off under normal use (providing user instructions are followed)

LA/871

Cat. No.	Code	Colour	Dimensions	Quantity
