

MR/160010

Microplate washer

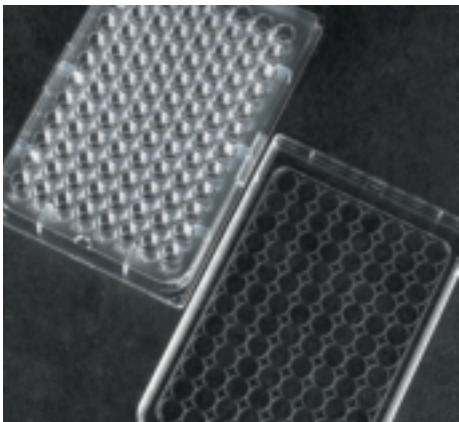

Microplate washer, Labtech LT-3000

- Flat, U or V-bottom plates and strips washing
- Large LCD display window
- Large memory to store up to 48 user programmed wash protocols
- Automatic monitoring of vacuum and pressure, automatic rinse cycle
- Low residual volume
- 8 and 12-way manifold included
- Liquid warning

Features:

- Interchangeable manifolds (8 or 12 way)
- Automated monitoring of vacuum and pressure
- Automatic monitoring of liquid level in waste bottle
- Automatic monitoring of strip / plate presence
- Fully automated washing
- Allows up to 12 wash cycles
- Wash number (0-12) and volume (50-2000 microlitre) adjustable
- Double aspiration
- Washes 48/96 well flat, round or v bottom plates (or strips)
- Allows storage of up to 50 programmes
- Separate aspirate and dispense nozzles
- Easy maintenance
- Dedicated rinse cycle
- Nozzle cleaning needles provided
- User replaceable manifold

Microtitre plates

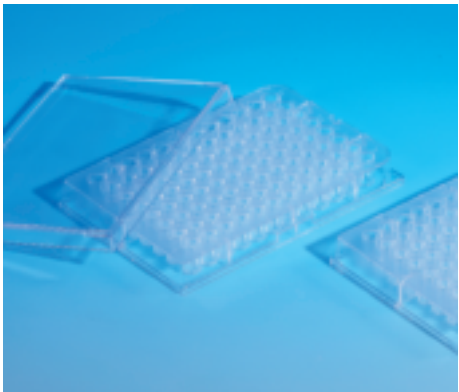

Microtitre plates

Sterilin rigid, clear multiwell plates are manufactured out of premium grade virgin polystyrene and offer excellent optical clarity. Black and White rigid, flat bottom, microtitre plates are also available for fluorescence and bioluminescence work. U wells hold 415µl, V wells hold 334µl and the flat based product holds 406µl in volume. The separately available lid is furnished with condensation rings. All Sterilin multiwells are now CE marked in accordance with the in-vitro diagnostic directive (98/79/EC).

A specially designed 25µl dropping pipette made of cellulose acetate and polyethylene, in sterile or non-sterile form is also available.

Cat.No.	Product Code	Description	Sterility	Inner Case	Case Qty
MT/16602	611U96	96 well plate, U bottom	NS	5	50
MT/16604	611V96	96 well plate, V bottom	NS	5	50
