

Clamp, burette

A one-piece clamp which holds 50ml burettes firmly to a laboratory stand. Can be fitted and adjusted with one hand.

Cat. No.	Pk qty
ST/44204	3

ST/44204

Clamps, burette, polypropylene and rubber

- Spring loaded polypropylene clamps that are corrosion resistant
- Allow clear view of graduations along the full length of the burette.
- Rubber grips prevent slipping.
- A conical compression piece on the central boss provides a firm grip on rods 11 – 14mm in diameter
